

# Jaymes Young - Moondust

Tom: **A**

I'm building this house on the moon  
Like a lost astronaut  
Looking at you, like a star  
From the place the world forgot

And there's nothing that I can do  
Except bury my love for you

The brightness of the sun  
Will give me just enough to bury my love  
In the moondust  
I long to hear your voice  
But still I make the choice to bury my love  
In the moondust

Nothing can breathe in the space  
Colder than the darkest sea  
I have dreams about the days  
Driving through your sunset breeze

But the first thing that I will do  
Is bury my love for you

The brightness of the sun  
Will give me just enough to bury my love  
In the moondust  
I long to hear your voice  
But still I make the choice to bury my love  
In the moondust

I'm a castaway  
Men reap what they sow  
And I say what I know to be true  
Yeah I'm living far away  
On the face of the moon  
I buried my love to give the world to you

The brightness of the sun  
Will give me just enough to bury my love  
In the moondust  
I long to hear your voice  
But still I make the choice to bury my love  
In the moondust

I buried my love  
In the moondust yeah
