

Jean Jerry - Minha Ilusão

Tom: A

Intro: D E7 Dbm Gb7 Bm E7 A E7

meu coração , chora por ti , morena

não sei viver sem ter você aqui

o corpo treme a pele sua

estou arrepiado , extasiado

com sua presença amor

estou aqui sentado num banco

nos arcos da Lapa

ao som de Tom Jobim

Bm Em E7 A7

te esperando pra mim

o céu estrelado , um belo luar

o rio foi feito pra gente se amar

amor puro amor que vai dando um chutinho na dor

abrindo espaço pra morena passar

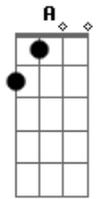

nesse rio já velhinho as vezes caminho sozinho

pensando em te ver, pensando em você

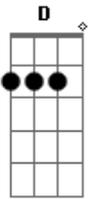

mas me lembro que o amor é cheio de ilusão

e que você vive dentro do meu coração
