I was invited

Into the party of the silence Be what they?re like and be quiet

I'm in my black tie

Are you all satisfied Sipping the red wine

Just like your black lies

I'm in my black tie

The world is colour-blind

Into the black light

I'm on the other side Lalala lalala, lalala lies Lalala lalala lies

I'm in my black tie

Are you all satisfied Sipping the red wine Just like your black lies

I'm in my black tie

The world is colour-blind Into the black light

I'm on the other, Lalala lalala

Lalala lalala lies Lalala lalala lies

(Sipping the red wine)

(I'm on the other side)

Lalala lalala lies Lalala lalala lies

(Sipping the red wine)

(I'm on the other side)
