Comin'...

Part 3:
Db
...back to me

One begins to read between the pages of a look The shape of sleepy music and suddenly you're hooked Through the rain upon the trees that kisses on the run

I saw you I saw you Comin' back to me

Part 4:

You can't stay and live my way
Scatter my love like leaves in the wind
You always say you won't go away
But I know what it always has been
...it always has been

A transparent dream beneath an occasional sigh Most of the time I just let it go by Now I wish it hadn't begun

I saw you I saw you Comin' back to me

Strolling the hills overlooking the shore I realize I've been here before The shadow in the mist could have been anyone

I saw you I saw you Comin' back to me

Small things like reasons are put in a jar Whatever happened to wishes wished on a star Was it just something that I made up for fun

I saw you I saw you Comin' back to me

play parts 1, 2, and 3 (with recorder solo) and fade out
