

Jefferson Airplane - In Time

tom: Intro: E Gadd9 Long time since I climbed down this mountain before

F

Em

G

D

E Things I've seen here make me want to go running home G D E Lean close put your lips next to my face D E Look further on past the surface $% \left(1\right) =\left(1\right) \left(1\right)$ Em G Orange, blue, red & green Are the colors of what I feel And my mind why'know it starts to reel in time (A D G) G D A2 To know your flesh layin' by my skin Em G D E And I wonder whenever I'm in F Em G Warm, soft, nice & now

```
Are the word things of what I know
                                                                                                                                        Em G
 And my body why'know it's so in time
                                                                G
                                                                                                                                          D
I see you at the same place that I play F \stackrel{\text{CM}}{=} 
 Ah darlin' tell me what can I say
                                                                                                                            Em G
 Dance, sing, sleep & dream
                                                                                                                            Em
   Is the music of what I feel
                                                                                                                                                                  Em
 Among the many things whenever you're near in time
( A D G )
 Come with me my friend
 Come on now and take my hand
 You can be my friend
 A2
                                                                                                                                                     D
 Soon be in another country
```
