Yeah, I'ma be here through all that noise

I'm gon' protect what's mine all day

You know the role you playin'

Know that we could both be on one

But if somebody try to start sum'

I'm gon' try for you, I'll fight for you

Go off for you, I start a war

Ever since the day we locked in

I was gonna be a down bitch

If I need to start a war

I'm gon' try for you, I'll fight for you

Go off for you, I start a war

Yeah, yeah, yeah

'Cause love, it hold responsibility

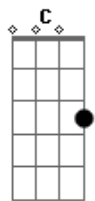

Hold you down, you hold me down, that's just how we been (rollin')

Feelin' like the first hit that you take in the (mornin')
