

Jeremy Camp - Nothing Else I Need

Tom: C

(C Am F G) (x3)

When I think of all I've seen
 Nothing compares to what you give
 And to drink of what you bring
 You quench the thirst for me to live
 I am satisfied by what tenderness you've shown to me
 And I empty all that I am

And you fill my life
 You're everything to me
 There's nothing else I need anymore

And I know you are everything to me
 And there's nothing else I need anymore

I have tasted and I know
 This fire birthed inside will only grow
 And I've sought all that this world
 Tried to offer me and it lead me to your feet
 And I empty all that I am

I will lay down all my needs and you will come and make them new
 To make you my only desire, my desire
 There's nothing else I need...
