

Jeremy Camp - Word Of Life

Tom: C

Intro: D Em7 C G

Word of life

Speak to my weary heart

Strengthen my broken parts

Lead me to Your open arms

Word of truth

Illuminate all these lies

The enemy speaks inside

In freedom I will rise

'Cause You called me out from the grave

So I can live like I've been changed

There is a new song in my soul

And it begins when I breathe in

Your word of life

(Your word of life)

Spirit of God

Take me to a deeper place

Take me out of what is safe

I will not be afraid

Spirit of God

Fill me with joy again

Springing up from within

It cannot be contained

'Cause You called me out from the grave

So I can live like I've been changed

There is a new song in my soul

And it begins when I breathe in

Your word of life

The old has gone away

Only Your love remains

I am alive today

'Cause You called me out, uuuhuuu

You called me out, uuuhuuu

'Cause You called me out from the grave

So I can live like I've been changed

There is a new song in my soul

And it begins when I breathe in

Your word of life

Your word of life

Hey, the old has gone away

Only Your love remains

I am alive today

'Cause You called me out
