

# Jeremy Zag - Stronger Together

tom:

Intro: **Bb** **Gm** **Bb** **Eb** **F** **F**

**Bb**  
Can't believe

The world that you've revealed to me

For the first time I feel truly free

It's all thanks to you

**Bb**  
I feel the same

You pushed me through the doubt, the pain

And as our paths collide again

I know what to do

**Eb**  
Take my hand

As we stand

Let's face the world

There is nothing that can defeat us

Day and night

You and I

Let's show the world

That nothing will come between us

Thanks to you I've become

Confident to know I am free

When I feel overrun

It's no longer all on me

Hearts and minds now combined

I am stronger when you're by my side

**Bb** **Eb**  
I can share all my cares

You've laid bare my deepest flaws

You caught me unaware

Now my fate is tied with yours

Hearts and minds now combined

I am stronger, so stay by my side

( **F** **Eb** **F** )

**Eb** **F**  
What is this feeling now?

I cannot fall for him

His eyes move me somehow

I shouldn't start something

**Eb** **F**  
I know that look

Dancing between those eyes

It is the same one I've

Tried to disguise

**Eb** **Bb**  
I'm sorry

My heart is already

Somebody else's

We can't see this through

**Eb** **Bb**  
Wait don't go

Just give it time to grow

We could be great I know

I'm falling for you

## Acordes
