

Jeremy Zucker - End

Tom: C

^{Am}
I should've seen this through
^{Em} But I knew how it could end
^{Am} Yeah, I guess things don't change
^{Em} I let feelings fade again

^G But I see you clear as day
^{Am} And I won't let go
^G Would I call to hope unless
^{Em} You slip right through my fingers in the rain
^{Am} But I've thrown it all
^G Over waterfalls

^F I'm staring at the clouds
^{Am} You know I hate this weather
^G But we can work it out
^{Am} I swear I could do better if you let me
^F Ohhhh Ohhhh
^G So we wait for things to change
^F I never thought that this could end
^{Am} If I'm not with you how could I fall asleep again?

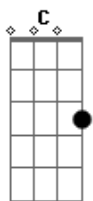

^{Am} What's wrong with the lights low?
^{Em} Just tell me what it is you're tryna say
^{Am} 'Cause in the end you'll understand
^{Em} I'm already a world away, yeah

^G And I see you haven't changed
^F 'Cause this shit gets old
^{Am} With a heart of gold, you know
^G If I need you, I'll see you in my dreams
^{Em} But I've thrown it all
^{Am} Over waterfalls

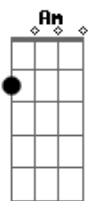

^F I'm staring at the clouds
^{Am} You know I hate this weather
^G But we can work it out
^F I swear I could do better if you let me
^F Ohhhh Ohhhh
^G So we wait for things to change
^C I never thought that this could end
^F If I'm not with you how could I fall asleep again?
^F You know that I've been here times before
^{Am} When no one's watching haha
^G You won't notice, no, that's right
^F You won't ever know my life
^G It's was on the table
^{Am} Like they always told me
^F I would be the same but

I'm just feeling phoney
^{Am} They don't really notice
^C You don't really know me
