

Jerry Lee Lewis - Another Place, Another Time

Tom: **G**

One by one **G**

They're turning out the lights **C**

I've been feeding that ol' jukebox **D7**

Just to hold you tight **G**

And it's for the best

I just put in my last dime **C**

Heard you whisper we meet again **D7**

Another place another time **G**

Chairs are stacked all on the tables

And it's closing time they say **C**

I could wait right here forever **D7**

If they'd only let me stay **G**

Any place would be much better **C**

Than that ol' lonely room of mine

And a sleepless night awaiting for **D7**

Another place another time **G**

Won't that room of mine

Be a lonely place to be **C**

After I've been holding you **D7**

So close to me **G**

And won't that ol' stairway

Be a little hard to climb **C**

To a lonely room to wait for **D7**

Another place another time **G**

And won't that ol' stairway

Be a little hard to climb **C**

To a lonely room to wait for **D7**

Another place another time **G**

Acordes
