

Jerry Lee Lewis - Gather Round Children

Tom: **C**

She lies there so peaceful in her eternal sleep
 With wreaths of flowers from her head to her feet
 A gown of gold she wears to match her silver hair
 A peaceful smile upon her face
 That shows her heavenly grace

Come gather round children bow your head and pray
 Come gather round children while they lay mamma away

She gave us all her good years oh Lord she gave us all her best

Come gather round children
 While they lay our precious mamma to rest

Now dad he's waited so long for mamma to join him

And on her right lies my brother John

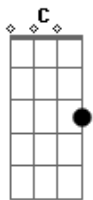

On dad's left lies my sister

A flower taken Lord while still in bloom

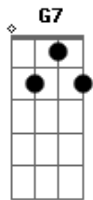

I know we'll miss her but Lord they'll be so glad to see her

Come on now let's sing it
