

Jerry Lee Lewis - Old Glory

Tom: **G**

There's a **G** star spangled banner waving somewhere **C**
 And it's **D7** waving for you and for me **G**
 And that old star spangled banner waves old **C** glory
 And it's **D7** waving for the brave and the free **G**
 Well I trust in **B7** God because I know He **E7** cares for me
 Upon the **A7** land and upon His **D7** rolling sea

But that old **G** star spangled banner waves old **C** glory
 And God's gonna **D7** let it wave through all eternity **G**
 I trust in **B7** God because I know He **E7** cares for me
 Upon the **A7** land and upon the rolling sea **D7**
 There's a **G** old star spangled banner waves old **C** glory
 And God's gonna **D7** let it wave through all eternity **G**
 My God will **D7** let it wave through out eternity **G**
