

# Jerry Lee Lewis - Sail Away

Tom: **C**

I'm gonna **C** sail away from sorrow  
 Gonna leave first thing tomorrow  
 Since I met you my life is not worth while **C**  
 I'm gonna **F** sail away from sadness  
 Into a land of gladness  
 Why was I so disillusioned by your smile **G7**  
 I'm gonna **C** sail away tomorrow  
 Get away from all my sorrow  
 I may live on an island in the sea **C**  
 I may find joy in some green valley **F**  
 Be a bum live in an alley but I'll be happy **C**  
 Long as you're not there with me **G7**

I'm gonna **F** sail away from sorrow  
 Into a bright tomorrow  
 Maybe there I'll find somebody new **Gm** **F**  
 You made our love a thing of sadness  
 My heart a heart of madness  
 Oh I pray that I will never think of you **C** **G7** **C**  
 I'm gonna sail away from sorrow  
 Gonna leave first thing tomorrow  
 I'm leaving you and everything I own **F** **C**  
 So go on out and have the fun you love **F**  
 What I have paid is small enough  
 To get away from the sadness that I've known **C** **G7** **C**  
 So go on out and have the fun you love **F**  
 What I have paid is small enough  
 To get away from the sadness that I've known **C** **G7** **C**
