

Jerry Lee Lewis - Sometimes a Memory Ain't Enough

Tom: **G**

I have your **G** pictures to look at **C**
 And a **G** memory that helps me when I'm **D7** blue
 I **G** play those old records that we **C** used to dance to **G**
 But these things can't **D7** take the place of you **G**
 I need real live arms to hold me **C**

G Warm and tender lips that I can touch **D7** yes I do
G I play my game but it's **C** not the same
G Sometimes a memory **D7** just ain't **G** enough

The thoughts of you help me keep my **C** mind together
 And though it doesn't always help it's **D7** true
G Remembering darling that one time you really **C** loved me
G It helps to ease the **D7** pain of losing you **G**
