

Jerry Lee Lewis - Whenever You're Ready

Tom: C

Whenever you're ready just let me know
 I'll pack my clothes baby and away we'll go
 No matter what the future riches silver and gold
 Or a life of toil and spat of misery untold

Whenever you're ready just let me know
 I'll pack my clothes baby and away we'll go
 Oh you belong to one and I to another

But what's the use of livin' baby if we're not together
 So whenever you're ready just let me know
 I'll pack my clothes and away we'll go

Oh talk is cheap the time is nigh
 We know not what tomorrow holds we may live or die
 So whenever you're ready just let me know
 I'll pack my clothes and away we'll go

I'll pack my clothes and away we'll go
 I'll pack my clothes and away we'll go
