

# Jervis Campbell - Eden

tom:

D

Born and raised in the darkness, Still my soul did sing

Out of a hope that brought tomorrow, Of a love that covered me

And the times I felt the farthest, Still Your love did cling

Oh, by faith my feet were grounded, Couldn't fight Your gravity

[Chorus 1]

A You're the bones inside my body, You're the fire that fills my lungs

A You're the reason I'm still standing, You're the strength to carry on

A And I want to know You like it were Eden, Like it's only the two of us

D Oh, I want to walk among Your presence, I want to feel Your fullness love

[Bridge 1]

I just want to feel it, Your fullness love

I just want to feel it, Your fullness love

[Verse 2]

D And take me out from the harbor, And by Your light You lead

D Oh, I want to go to Your still waters, I want to sail Your silver sea

D And I know this life it gets harder, But as long as it's You and me

Oh, I want to go in full abandon, I want to give You everything

[Chorus 1]

A You're the bones inside my body, You're the fire that fills my lungs

A You're the reason I'm still standing, You're the strength to carry on

A And I want to know You like it were Eden, Like it's only the two of us

D Oh, I want to walk among Your presence, I want to feel Your fullness love

[Bridge 2]

I just want to feel it, Your faultless love

I just want to feel it, Your faultless love

I just want to feel it, Your faultless love

I just want to feel it, Your faultless love

I just want to feel it, Ohhhh

[Chorus 1]

A You're the bones inside my body, You're the fire that fills my lungs

A You're the reason I'm still standing, You're the strength to carry on

A And I want to know You like it were Eden, Like it's only the two of us

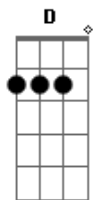

D Oh, I want to walk among Your presence, I want to feel Your fullness love

[Bridge 1]

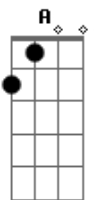

I just want to feel it, Your fullness love

I just want to feel it, Your fullness love
