Tom: **G**

**G** **D**  
I said don't do it babe

**E**  
Said it ain't worth it babe

**A**  
But you did it anyway

**E**  
Four or five drinks and you were on your way

**G** **D** **A**  
September 1st, 2003

**E** **G**  
It took the life right out of me

**D**  
Hung up the phone

**A**  
And raced out the door

**E**  
Broken

**G** **D** **A**  
I tried to believe that it wasn't true

**E** **G**  
But in my heart I always knew

**D** **A** **E**  
That being the life of the party would catch up to you

**F** **Am**  
Your family was waiting and crying for three damn hours

**G** **D**  
I said don't do it babe

**E**  
Said it ain't worth it babe

**A**  
But you did it anyway

**E** **A**  
Four or five drinks and you were on your way

**F** **G**  
Everything was cool on the straight away

**Am** **F** **E**  
But you took that turn doing eighty-five in a thirty-five

**Em**  
Why babe?

**G** **D** **A**  
Every time I'm home I pass that road

**E** **G**  
Driving alone and the street feels cold

**D** **A**  
Seeing your face yeah it's haunting me

**E** **G**  
My mind goes crazy tryin' to figure out

**D** **A**  
Just where you'd be four years from now

**E** **G** **A**  
And what you were thinking when the lights came down

**F** **Am**  
Doctors were trying to save you for three damn hours

**G** **D**  
I said don't do it babe

**E**  
Said it ain't worth it babe

**A**  
But you did it anyway

**E** **A**  
Four or five drinks and you were on your way

**F** **G**  
Everything was cool on the straight away

**Am** **F** **E**  
But you took that turn doing eighty-five in a thirty-five

**Em**  
Why babe?

**Am** **F**  
Who ever said that life was fair

**Am**  
When you live without a care

**F**  
When you're invincible  
When you're invincible

**Am**  
When you're invincible

**F** **Em**  
Who thinks about leaving when you're livin'

**G** **D**  
I said don't do it babe

**E**  
Said it ain't worth it babe

**A**  
But you did it anyway

**E** **A**  
Four or five drinks and you were on your way

**F** **G**  
Everything was cool on the straight away

**Am** **F** **E**  
But you took that turn doing eighty-five in a thirty-five

**Em**  
Why babe?

**G** **D**  
I said don't do it babe

**E**  
Said it ain't worth it babe

**A**  
But you did it anyway

**E**  
Four or five drinks and you were on your way
