

Jesse McCartney - We Can Go Anywhere

Tom: D

D G Em A
Slow down things have been a little crazy
Right now it's time to get away
We can find out what it is you're really after

Em G A
Time is on our side
Come on we're leaving everything behind

Bm G
You know that sun is shining
A D
We'll keep driving
Bm G A
Doesn't matter where
Bm G
Cuz we got that open highway
A D
Beating our way
Bm G A
As long as you are there
We can go anywhere

D G Em A
Break down all the pressure that surrounds you
Allow it all to fade away
We can move on looking in our rearview mirror

Em G A
Wave goodbye
Come on we're leaving everything behind

Bm G
You know that sun is shining
A D
We'll keep driving
Bm G A
Doesn't matter where
Bm G

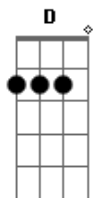

Cuz we got that open highway
A D
Beating our way
Bm G A
As long as you are there
We can go anywhere

We're gonna be so far gone
Some place we ain't never been before
Find a new favorite song
We'll end up right where we belong

Bm G
You know that sun is shining
A D
We'll keep driving
Bm G A
Doesn't matter where
Bm G
Cuz we got that open highway
A D
Beating our way
Bm G A
As long as you are there
We can go anywhere

Bm G
You know that sun is shining
A D
We'll keep driving
Bm G A
Doesn't matter where
Bm G
Cuz we got that open highway
A D
Beating our way
Bm G A
As long as you are there
We can go anywhere
Come with me everything will be alright
Movin on cuz we're leaving it all behind
