Eyes, playing hide and seek right through the hallway
A blur of memory always stayed the same
I cannot lose my mind every time you look away, hmm
And I saw through your side eye that you were so ashamed

Could I say something else?
The things I kept to myself slip out of me

Hey, listen to me
Before you go and leave me here in bad company
I wish I could laugh at the ghosts of my past
But falling in love is not funny at all

I remember that day your friends told me you move on
But for my surprise I saw me again by you

So you came back to me

A place behind my seat and I turned to say

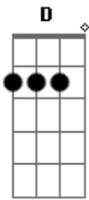

Hey, listen to me
Before you go and leave me here in bad company
I wish I could laugh at the ghosts of my past
But falling in love is not funny at all
December, 16th
The day you stood in front of me

You said: i'm sorry
But I don't love you as you mean
And I answer you after years

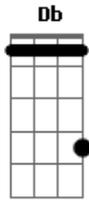

Please don't blame me
?Cause I was too young

Just to know what love is
And I will follow from here
And I'll let you go after all
The moral of the story is what it is
'Cause love is not my "what-ifs"
