

Jimmy Needham - Being Small

tom:

Intro: **Abm** **Gb** **E** **B**

Why I wanna be a hurricane
When I'm barely a breeze
Cuz I've already seen Your storm
Bring me down to my knees
Just when we think we may be high enough
You knock us back to the ground
We are trying to move up fast
Can't see the contrast
Of how the King came down

Dbm
'Cause I can't build my towers higher
Ebm **E** **Eadd9**
And live inside Your fire, no no no

[Refrão]

E
Whenever I climb too high
B
Keep my feet on the ground
E **Ebm** **Abm**
And when I get full of me turn me upside down
Gbm **B**
You know pride and not just summer
E **Abm**
Come before the fall
Dbm
So if it's You that's getting bigger
Abm **Gb** **E** **B**
I don't mind... being small
Abm **Gb** **E** **B**
Being small

Abm
Maybe if I shout real loud
Gb
Maybe then I'll draw a crowd
E **B**
And they'll finally cheer
Abm
Or maybe I should tone down
Gb
Never make a sound now
E **B**
Anything to draw them near
Abm
Or maybe there's more to life
Gb
Than trying to make a name
E **B**
Even though they say it ain't so
Abm
So maybe I should step on down
Gb
Hand off the kings crown
E **B**
To the? God on the throne

[Pré-Refrão]
