

# Jinkx Monsoon - Coffee And Wine

Tom: G

Coffee and wine  
It may sound crazy  
But the thing of it is  
That without them both I'm getting either  
Hazy or dumb  
The drags of sober  
I let the hours pass  
Just waiting for until the day is  
Over and done  
If only we had more  
Time  
For coffee and wine  
( Dm G Cm F )

Coffee and wine  
To give life meaning  
Just a sip from the glass  
And that's all it took to get me into  
Keeping 'em close  
My favorite lovers  
I'll spend the day with one  
And at night before I'm slipping under the

Covers I trade  
The partners that made me  
Fine coffee and wine  
Let me tell you 'bout  
Coffee and wine  
It may sound crazy  
But the thing of it is  
That without them both I'm getting either  
Hazy or dumb  
The drags of sober  
I let the hours pass  
Just waiting for until the day is  
Over and done  
If only we had more  
Time for coffee and wine  
( Dm G Cm F )  
(oh so fine) You know I love it  
(all the time) I'm not above it  
(makes me shine) The only true road to devine  
Keep me in the java and wine  
Keep me in the java and wine  
Keep me in the java and wine

## Acordes
