

JLS - One Shot

Tom: D

Oh
She's the kind of girl boys read about

In magazines, glossy magazines

She is the only one I think about

Leading lady in my dreams

Hey I have waited so long

To gather up my courage

She has got me love drunk, fumbling my words

Time's running out, gotta do it now

She's the one I can not live without

Yeah she's the one I can not live without

Yeah, yeah, yeah, yeah

You only get one shot

So make it count

You may never get this moment again

The clock is ticking down

It's the final round

So tell me what it is that's stopping you now

You'll never know, unless you try

You'll only regret, sit here wondering why

You only get one shot, so watch this moment go by

When love's on the line

I never thought that I would get the chance

To tell this girl how I feel, tell her how I feel

Sometimes I pinch myself from a mile away

This can't be real, this can't be real

Move faster, can't wait any longer

Gotta do something, before she gets away

Do it like a movie, take her by the hand

I'm gonna love this girl until the end

You only get one shot

So make it count

You may never get this moment again

The clock is ticking down

It's the final round

So tell me what it is that's stopping you now

You'll never know, unless you try

You'll only regret, sit here wondering why

You only get one shot, so watch this moment go by

When love's on the line

When love's on the line

When love's on the line

She is the definition of beautiful,

She knocks me off my feet

I'm gonna tell her she's my everything

Tell her that she's all I need

That I know she's the reason that my heart beats

Goes like: da da da; da da da da

You might never get this moment again

You might never get this moment again

You only get one shot

So make it count

You may never get this moment again

The clock is ticking down

It's the final round

So tell me what it is that's stopping you now

You'll never know, unless you try

You'll only regret, sit here wondering why

You only get one shot, so watch this moment go by

When love's on the line

When love's on the line

When love's on the line

When love's on the line

When love's on the line

When love's on the line
