

João Bosco - Una Mujer

Tom: A

Paúl Misraki / Pondal Ríos / Olivar

La mujer que al amor no se asoma

No merece llamarse mujer

Es cual flor que no esparce su aroma

Como un leño que no sabe arder

La pasión tiene un mágico idioma

Que con besos se debe aprender

Puesto que una mujer que no sabe querer

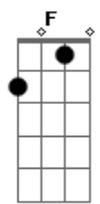

No merece llamarse mujer

Una mujer debe ser soñadora, coqueta y ardiente

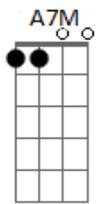

Debe darse al amor con frenético ardor

Para ser una mujer
