F7M D E F7M

Now, the mist across the window hides the lines

But nothing hides the color of the lights, that shine

E Dbm D

Electricity is so fine

E F#7M B7M# F#7M D E

Look and dry your eyes

F7M D E F7M

We're, so tired of all the darkness in our lives

D E Dbm D

With no more angry words to say to come alive

E Dbm D

Get into a car and drive

E F#7M

To the other side

B7M# F#7M

Me babe, steppin o.....ut

D E D E

In..to the night, In..to the light

F#7M B7M# F#7M

You babe, steppin o.....ut

D E D E

In..to the night, In..to the light

F7M D E F7M

We are young but getting old before our time

D E Dbm D

We'll leave the TV and the radio behind

E Dbm D

Don't you wonder what we'll find

E F#7M B7M# F#7M D E

Steppi out tonight

F7M D E F7M

You, can dress in pink and blue just like a child

D E Dbm D

And in a yellow taxi turn to me and smile

E Dbm D

We'll be there in just a while

E F#7M

If you follow me

B7M# F#7M

Me babe, steppin o.....ut

D E D E

In..to the night, In..to the light

You babe, steppin o.....ut
