

John and Jane Q. Public - Watermelon

tom:

C

I'm a watermelon slammed into your driveway

Crack me open so I feel the air inside me

Like a tongue, tongue

In my ear drum, dum-dum

Music boyfriend, I'm your yum-yum

Call me and I'll come

Fuck the rest of 'em

Fuck 'em all

Fuck 'em all but us

I dream, or did you just kiss me?

You don't know it, but you already miss me

Like a tongue, tongue

In my eardrum, dum-dum

Music boyfriend, I'm your yum-yum

Call me and I'll come

Fuck the rest of 'em

Fuck 'em all

Fuck 'em all but us

Fuck the rest of 'em

Fuck 'em all

Fuck 'em all but us

But us, but us

Fuck 'em all but us

Acordes
