

# John Lennon - Bony Moronie

Tom: **D**

This is the riff we can here almost in the whole song :

e|-----|-----|

e|-----|-----|

e|-----|-----|

There's a moment when there is the same, but higher. Instead of an A, begin with a **D**

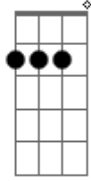

e|-----|-----|

e|-----|-----|

Use distortion to get the same sound?  
This my first tab, hope it will do.  
Hope it will help someone too.

## Acordes
