Tom: **C**
Intro: **C G Em Am C**

G
All my skin like porcelain
Em
Crack beneath the pressure of your hands again
C G
I guess I've been thinking that its been to long
Em
Sense I fell down hard
Am
And bled my heart all over you
C G
But maybe I never recovered from the last one

Am
What if I could be
C
Something more than me
Em
They say that I got a disease
G
Of the human kind
Am Am
Maybe all I know is
C
In your arms and in your eyes
G
I'm more than alive

G
Well all I have to say

About these serious days
Em
And the condition of my heart
Am
Is there both still as much a mystery to me
C
And they both get so hard
G
When I forget what its like just to die in your eyes
Em
And when I live just to live n your arms
Am
Well they say that a man can never go home
C
But I just can't get out of your front yard

Am
What if I could be
C
Something more than me
Em
They say that I got a disease
G
Of the human kind
Am Am
Maybe all I know is
C
In your arms and in your eyes
I'm more than alive
