                                                                                                                                                                                                                                                                                                                                                                                                                           (EAEA)
                                                                                                                                                                                                                                                                                                                                                                                                                           [Ponte]
Sarah's friend, she lost her mind
She left him and made it look sexy, now
                                                                                                                                                                                                                                                                                                                                                                                                                          So, go and drift away from me
                                                                                                                      Gb
I fear you won't be far behind
                                                                                                                                                                                                                                                                                                                                                                                                                          Adopt some new philosophy
Thinking I'll be the next to leave, but
                                                                                                                                                                                                                                                                                                                                                                                                                           That doesn't hold the two of us in mind
[Pré-Refrão]
                                                                                                                                                                                                                                                                                                                                                                                                                          Move into someone else's place
                                                                                                                                             Abm Gb
                                                                                                                                                                                                                                                                                                                                                                                                                           Stare into some other's eyes
I know I might be anxious
                                                                                                                                                                                                                                                                                                                                                                                                                          But, slowly, only come to realize
But I'm still not crazy
                                                                                                                                                                                                                                                                                                                                                                                                                           [Refrão]
