                                                                Part I: Ending
Drop D Tuning
note: all low E notes played with thumb except chords in part
                                                                I never liked this apple much
                                                                It always seemed too big to touch
Part A: "I never liked this apple much"
                                                                I can't remember how I found
                                                                My way before she came around
                                                                I tell everyone
Part B: "It always seemed to big to touch"
                                                                I smile just because
                                                                I've got a city love
                                                                I found it in Lydia
                                                                And I can't remember life before her name
"I can't remember how I found" (Part A )
                                                                She keeps a toothbrush at my place
Part C: "My way before she came around. I tell..."
                                                                As if I had the extra space
                                                                She steals my clothes to wear to work
                                                                I know - her hairs are on my shirts
Part D: "...everyone, I smile just because..."
                                                                I tell everyone
                                                                I smile just because
                                                                I've got a city love
                                                                I found it in Lydia
Part E: "...can't remember life before her name"
                                                                And I can't remember life before
                                                                The day
                                                                She called up and came to me
                                                                Covered in rain
                                                                And dinnertime shadowing
"She keeps a suit case..." (Part A )
"As if I had the extra..." (Part {\sf B} )
                                                                And as her clothes spun, we spooned
"She steals my clothes..." (Part A )
                                                                And I knew I was through
"I know, her hairs are..." (Part C )
                                                                When I said "I love you"
                                                                Friday evening, we've been drinking
Part F: "...the day, she called up and came to me..."
                                                                2 AM, I swear I might propose
                                                                but we close the tab
                                                                split a cab
Part G: "...the clothes spun we spooned..."
                                                                and call each other up when we get home
                                                                falling asleep to the sound
                                                                of sirens
Part H: Solo
                                                                I've got a city love
                                                                I found it in Lydia
                                                                From the battery
                                                                To the gallery
                                                                It's the kind of thing you only see
                                                                In scented, glossy magazines
 The (/14) and all the (9/11) except the first one are bended And I can't remember life before her name
                                                                (Lyrics taken from the official site)
