

John Mayer - Friends, Lovers Or Nothing

```
Tom: A
  Α
Now that we are over
As the loving kind
We'll be dreaming ways
      D A
To keep the good alive
Only when we want is not
A compromise
Ill be pouring tears
    D A (A Abm Gbm ) (Riff 1)
Into your drying eyes
Friends, lovers, or nothing
Bm E7 A (A G#m-Gbm ) (Riff 1)
There can only be one
             B7
Friends, lovers, or nothing
               E7
We'll never be the inbetween
So give it up
You whisper "Come on over"
Cause your two drinks in
 Bm E7
But in the morning I will say
Good-bye again
Think we'll never fall into
The jealous game
The streets will flood
```

```
D A (A Abm Gbm ) (Riff 1)
With blood of those who felt the same
                   R7
Friends, lovers, or nothing
Bm E7 A (A Abm Gbm ) (Riff 1)
There can only be one
Friends, lovers, or nothing Bm E7
We'll never an inbetween
 E B
So give it up
Friends, lovers, or nothing
We can really only ever be one
Friends, lovers, or nothing
                 E7
We'll never be the inbetween
So give it up
 Bm
No, we'll never the inbetween
So give it up
We'll never be the 'inbetween'
 D A
So give it up
Anything other than yes is no
        Α7
Anything other than stay is go
                                  Е
Anything less than I love you is lying (repete até o final)
Riff 1 (forma)
