

# John Mayer - I'm Not Done Changing

Tom: C

I am not done... changing

Out on the run... changing

I may be old and I may be young

But I am not done... changing

I met me someone one... changing

We had some fun... changing

Sometimes I wonder if she'll be the one

When I am done... changing

Some of us stopped running

Some of us went home

Some of us don't got one

So we'll build one of our own

Friends may have their fences

"Look at that, that's strange"

Wondering when I'm gonna come to my senses

But I'm still changing

I can't change my old ways

I see the sky... changing

Reminds me that I am... changing

Wish I could tie me a rope 'round the sun

'Cause I am not done... changing

At times, they talk to me

Whisper in my ear

Say "Follow your heart

Till it tears you apart"

But hearts keep changing

But hearts keep changing

Hearts keep changing

Hearts keep on changing

Hearts keep changing

Hearts keep changing

Hearts keep changing
