Am                   D
    I'm the boy in your other phone
G7                        C7
Lighting up inside your drawer at home all alone
Am                   D
    Pushing 40 in the friend zone
G7                    C7
We talk and then you walk away, every day
Am                  D
    Oh, you don't think twice 'bout me
G7                B7
And maybe you're right to doubt me, but
```

```
Am          D
    But if you give me just one night
G7              C7
You're gonna see me in a new light
Am              D
    Yeah, if you give me just one night
G7             C7
To meet you underneath the moonlight
Am              D               G7
Oh, I want a take two, I want to break through
                 C7
I wanna know the real thing about you
Am         D               G7
    So I can see you in a new light
```

```
Am              D
    Take a ride up to Malibu
G7                   C7
I just wanna stay to look at you, look at you
Am                         D
    What would it matter if your friends knew?
G7                  C7
Who cares what other people say anyway
Am        D           G7
Oh, we can go far from the end
               B7
And make a new world together baby
```

```
Am          D
```

```
        But if you give me just one night
G7              C7
You're gonna see me in a new light
Am              D
    Yeah, if you give me just one night
G7             C7
To meet you underneath the moonlight
Am              D               G7
Oh, I want a take two, I want to break through
                 C7
I wanna know the real thing about you
Am         D               G7
    So I can see you in a new light
```

```

```

Am              D
    But if you give me just one night
G7              C7
You're gonna see me in a new light
Am              D
    Yeah, if you give me just one night
G7             C7
To meet you underneath the moonlight
```

C7
    What do I do with all this love that's running through my
veins for you
Am
    What do I do with all this
D                               G7     C7    Am  D  G7
    What do I do with all this... ooooh
