

# John Mayer - Somebody Loves You

Tom: **C**

**C**  
You and I, we were born out of the same pain

**C**  
And when we found our way to one another

**Dm**  
We were bleeding from the same vein

**F**  
Sometimes you'll have to go off to see without me

**F**  
Now you can bring a song you can sing when you're lonely

**C** **Dm** **C** **Dm**  
Somebody loves you. Somebody loves you. Somebody loves you.  
Somebody loves you

**C**  
**Dm**  
Sometimes I think that this is not your first dance across the  
life time

**C**  
**Dm**

Tell it to the afterlife and ghosts that came before us at the  
same time

**F** **Dm**  
Sooner or later the wind's gonna take you when I won't

**F** **Dm**  
When you want to pretend that we lose in the end, baby please  
don't

**C** **Dm** **C** **Dm**  
Somebody loves you. Somebody loves you. Somebody loves you.  
Somebody loves you

**Dm** **C\E**  
When you're losing your life at the end of the day

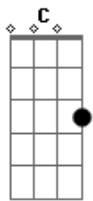

**F** **C**  
Feeling last in line to lay, claim to your name

**Dm** **C\E**  
When you feel like your heart is on constant display

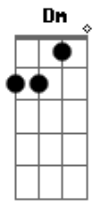

**Bb** **G**  
Fall into your arms and remember to say

**C** **Dm**  
Somebody loves me. Somebody loves me
