

John Mayer - Tracing

Tom: D

Intro: D2

D2

Do you ever get the feeling

That we started in the middle

Or have you ever had the sense

That we've been lying just a little

I mean come on

It's not like we've known ourselves that long

(G7 G) 2x

And I can't say I really blame you

For being bored with the beginning

Always staring at the score

Just to figure out who's barely winning

But don't you know

There is a reason strong, move slow

(G7 G) 2x

And I'm okay

If you're okay with

Wasting time

But when you trace

You always see the bottom line

We are tracing

I hope you know

We are tracing

D2

And if you want to know the moment

I knew that I was still alone

I found I never learned your number

I only stored it in my phone

You'd think by now

I'd know the shape of calling home

(G7 G) 2x

And I'm okay

If you're okay with

Wasting time

But when you trace

You always see the bottom line

We are tracing

I hope you know

We are tracing

We're both alone

We are tracing

We are tracing

(Em A7)

Do you ever get the feeling

That we started in the middle

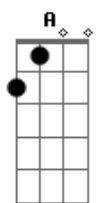

Or have you ever had the sense

That we've been lying just a little

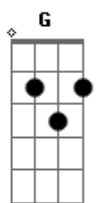

I mean come on

It's not like we've known ourselves that long
