

John Wetton - Desperate Times

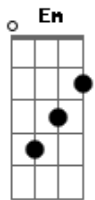

tom:
 Bm
 You called my name, you knew my number
 G You told me everything was gonna be fine
 Em You touched my hand, and took me away from this place
 G And I keep on thinking I'm going out of my mind
 Bm Someone out there calling me
 G I don't know what I can't see
 A I dread to think what might be there
 D I'm shaking now with so much fear
 G E I know, I feel
 Bm I'm living in desperate times
 Em I looked to the ground, I couldn't believe my eyes
 G The town I'm from was never that tough
 Em The life I've known is falling away from me
 G And all of my strength may not be enough
 [Solo] Em Em Gbm A
 G Em G A

Em I held the world in the palm of my hand
 G7 And I threw it away like a petulant child
 Bm Now all is gone that I held true
 G Em I bound to lose you too?
 Bm A The choking smoke obscures the sun
 D I see so clear what I've become
 G E7 I know, I feel
 E Bm We're living in desperate times
 Bm Someone out there calling me
 G I don't know what I can't see
 A I dread to think what might be there
 D Bm I'm shaking now with so much fear
 G E I know, I feel
 Bm I'm living in desperate times
 G E I know, I feel
 Bm I'm living in desperate times
