

# Johnny Cash - All Over Again

Tom: A

Ev'ry time I look at you, I fall in love, all over again.  
 Ev'ry time I think of you, it all begins, all over again.  
 One little dream at night and I can dream all day.  
 It only takes a memory to thrill me.  
 One little kiss from you and I just fly away.  
 Pour me out your love until you fill me.  
 I want to fall in love, beginning from the start, all over again.  
 Show me how you stole away my heart, all over again.
