

Johnny Cash - Destination Victoria Station

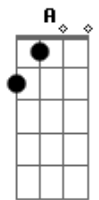

tom:

Standing in the station I'm looking at the board
 The board ain't saying nothing that's lighten in my load
 Is her destination Victoria Station
 Where the trains go out and the trains come in
 Where the trains go out and the trains come in
 Her daddy's name was Casey she lived down by the track
 I know she was born to ramble but
 I believed she would ramble back

D E A
 Destination Victoria Station where the
 Trains go out and the trains come in
 Where the trains go out and the trains come in
 D E A
 Destination Victoria Station
 I asked an old conductor who came in from the sea
 Did you see a little lady who looked like she missed me
 D E A
 Destination Victoria Station
 Where the trains go out and the trains come in
 Where the trains go out and the trains come in
