

Johnny Cash - I'm Moving On

Tom: A

That big eight-wheeler rolling down the track A7
means your true-loving daddy ain't coming back. A7
I'm moving on, I'm moving on, D
you were flying too high, for my little old sky, E
and I'm moving on. A

That big loud whistle as it blew and blew A7
said, hello to the southland, we're coming to you. A7
I'm moving on, oh hear my song, D
you had the laugh on me, now I'm setting you free, E
and I'm moving on. A

Mister Fireman won't you please listen to me, A7
I got a pretty mama in Tennessee. A7
Keep moving on, keep rolling on, D
you gotta shovel the coal, let this rattler roll, E
and keep moving me on. A

Mister Engineer, take that throttle in hand, A7
this rattler's the fastest in the southern land, A7
D

to keep moving on, I stayed away too long,

you gonna ease my mind, and put me there on time, E
and keep moving on. A

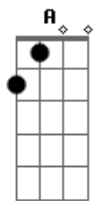

I've told you, baby, from time to time, A7
you just wouldn't listen or pay me no mind. A7
I'm moving on, I'm moving on, D
well, you've broken your vow, and it's all over now, E
and I'm moving on. A

A7
You've done switched your engine, now I ain't got time
for a trifling woman on my main line. A7
I'm moving on, done your daddy wrong, D
I warned you twice, now you can settle the price, E
and keep moving on. A

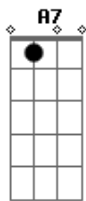

A
But someday, baby, when you've had your play, A7
you'll want your daddy, but your daddy will say : A7
D

A
Keep moving on, you stayed away too long,
I'm through with you, too bad you're blue, E
keep moving on. A
