

Johnny Cash - It's All Over

Tom: **D**

D
I was on my way to you and I was worried
I was all torn up and nervous
A **D**
'Cause I knew that you'd be gone
I knocked and crossed my fingers while I waited
And I couldn't hold the teardrops
A **D**
When I walked away alone

G
It's all over, it's all over
D
My heart echoes (it's all over)
A
Every minute that you cry for her
D
Is wasted don't you know
G
It's all over, it's all over
D
My heart echoes (it's all over)
A
Stop your cryin'
D
Turn around and let her go

(**A** **G** **D**)

D
I been runnin' 'round in circles like a baby
I was in a daze because
A **D**
I loved you so, I couldn't see
I was broken in a million little pieces
When I saw enough to realize
A **D**
You didnt care for me

G
It's all over, it's all over
D
My heart echoes
A
Every minute that you cry for her
D
Is wasted don't you know
G
It's all over, it's all over
D
So forget her
A
Stop your cryin'
D
Turn around and let her go
