

Johnny Flynn - Silver Song

Tom: **Bb**

Intro: **Bb**

Bb **Gm**
I awoke that day in the afternoon
Eb
And my bed was in a basket
F
Underneath the blue balloon
Bb **Gm**
Then a swarm of moths surrounded me
Eb
And my hair was standing on its end
F
With electricity

Bb **Gm**
And as I looked down on my whole life
Eb
I was speeding through the forest
F
On a motorbike
Bb
I waved to you
Gm
But you couldn't see
Eb
I could hear a crowd of people
F
Calling after me

Refrão:
Eb **D**
Wake up little dreamer
Bb **G**
It's time to rise
Ebm **F**
Open up your eyes
Ebm **F**
Open up your eyes
Ebm **F**

Open up your eyes

Verso:

Bb **Gm**
I've been holding out for a lifeline
Eb
Till I followed you
F
To the depths of my own mind
Bb **Gm**
I've been wondering kinda scattershot
Eb
Bumping into other people's lives
F
Without a second thought

Bb **Gm**
Now I do believe in the mystical
Eb
That we have some vague connection
F
To the other world
Bb
And now what I've said
Gm
May not all be true
Eb
But this silver song I sing tonight
F
I swear it's just for you

Refrão:

Eb **D**
Wake up little dreamer
Bb **G**
It's time to rise
Ebm **F**
Open up your eyes
Ebm **F**
Open up your eyes
Ebm **F**
Open up your eyes
