

# Johnny Rivers - Do What You Gotta' do

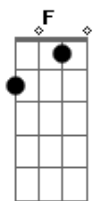

Tom: **F**

( **F** **C** **Am** **F** **Am** **C** **F** )

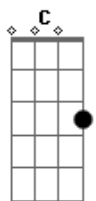

**F**  
Girl, I can understand how it might be **C**  
Kinda hard to love a guy like me **Bb** **Am**  
I don't blame you much for wanting to be free **Bb**  
I just wanted you to know **F**  
I've loved you better than your own kin did **C** **Bb**  
From the very start so it's my own fault **Am**  
What happens to my heart **Bb**  
You see I've always known you'd go **F**  
So, you just do what you gotta do **Am** **Bb**  
My wild sweet love **F**  
Though it may mean that I'll never kiss **Dm** **Am**  
Those sweet lips again **C** **Bb** **F**  
Pay that no mind **Dm**  
Find that dappled dream of yours **C** **Bb**  
And come on back and see me when you can **Am** **C** **F** **Bb**  
Now I know it'll make you sad **F**

**C**  
make you feel so bad  
**Bb** They say you don't treat me like you should **Am**  
They got ways to make you feel no good **Bb**  
I guess they got no way to know **F**  
I've had my eyes wide open from the start **C**  
And girl you never lied to me **Bb**  
The part of you they'll never see **Am** **Bb**  
Is the part you've shown to me **F**  
Now you just do what you gotta do **Am** **Bb**  
My wild sweet love **F**  
Though it may mean that I'll never kiss **Dm** **Am**  
Those sweet lips again **C** **Bb** **F**  
Pay that no mind **Dm**  
Chase that dappled dream of yours **C** **Bb**  
and come on back and see me when you can **Am** **C** **F** **Bb**  
Yeah you just do what you gotta do **Am** **Bb**  
My wild sweet love **C** **D**
