

# Joji - Afterthought

tom:  
C  
[Primeira Parte]  
C  
Lately, I've been slippin'  
Away from you  
F  
Can you tell me  
Does it hurt today?  
C  
Yeah, there's no way, yeah  
(No way, no way, no way)  
F  
To burn, there's no flames, yeah  
(There's no flames)  
C  
Praying nine to five  
Like a saint for you  
(Like a saint)  
F  
Can you tell me  
How it turned this way?  
(How?)  
C  
Yeah, things have changed, yeah  
(Yeah)  
F  
Yeah, filled with rage, yeah  
(filled with rage)  
[Refrão]  
C  
So lost in these diamonds  
So lost in this paradise  
F  
Don't speed on that highway  
We need you to shine bright  
C  
When life gets too complicat?d  
Please stand with me aft?r dark  
F  
I'll stay in the limelight  
Like a beautiful afterthought  
Like a beautiful afterthought  
[Segunda Parte]  
C

Sometimes, you'd ask me for  
Something different  
F  
Hated when you did it  
I wish that you didn't  
C  
I would do things  
And you'd get annoyed, I  
F  
Should've never done them  
I wish I was different  
C  
Why do we have to step away now?  
It's been a year  
Been a couple days now  
F  
Since you called me  
Sayin' you're worried  
C  
Been hard for me  
Dealin' with this space now  
No company  
Wishin' we could sit down  
F  
'Cause I'm sorry  
But you don't want me  
[Refrão]  
C  
So lost in these diamonds  
So lost in this paradise  
F  
Don't speed on that highway  
We need you to shine bright  
C  
When life gets too complicated  
Please stand with me after dark  
F  
I'll stay in the limelight  
Like a beautiful afterthought  
Like a beautiful afterthought  
C  
F  
I don't wanna forget about you  
C  
F  
I don't wanna forget about you, oh  
C  
F  
I don't wanna forget about you  
C  
F  
I don't wanna think about it  
Think about it
