

Joji - Afterthought

Sometimes, you'd ask me for tom: Something different [Primeira Parte] Hated when you did it I wish that you didn't Lately, I've been slippin' I would do things Away from you And you'd get annoyed, I Can you tell me Should've never done them Does it hurt today? I wish I was different Yeah, there's no way, yeah Why do we have to step away now? It's been a year (No way, no way, no way) To burn, there's no flames, yeah Been a couple days now (There's no flames) Since you called me Sayin' you're worried Praying nine to five Like a saint for you Been hard for me (Like a saint) Dealin' with this space now Can you tell me No company How it turned this way? Wishin' we could sit down (How?) 'Cause I'm sorry Yeah, things have changed, yeah But you don't want me (Yeah) [Refrão] Yeah, filled with rage, yeah So lost in these diamonds (filled with rage) So lost in this paradise [Refrão] Don't speed on that highway So lost in these diamonds We need you to shine bright So lost in this paradise When life gets too complicated Don't speed on that highway Please stand with me after dark We need you to shine bright I'll stay in the limelight When life gets too complicat?d Like a beautiful afterthought Please stand with me aft?r dark Like a beautiful afterthought I'll stay in the limelight I don't wanna forget about you Like a beautiful afterthought I don't wanna forget about you, oh Like a beautiful afterthought I don't wanna forget about you [Segunda Parte] I don't wanna think about it Think about it
