                                                                I thought I'd vocalize my troubles, but nobody will listen
                                                                                           G7M
                                                                I know I'm cryptic and I'm weird, that shit comes off as
            [Refrão]
                                                                indifferent
                                                                I don't wanna die so young
G7M
Girl, would it kill you just to show a little bit of
                                                                Got so much to do
attention?
                           G7M
If I hurt you, I'm afraid God's gonna teach me a lesson
                                                                I don't smile for the camera
                                                                Only smile for you
[Pré-Refrão]
                                                                Smile for you
Now would you hate me if I said goodbye
                                                                [Pré-Refrão]
So quick you could eat my dust?
Now would you hate me if I ran like hell
                                                                Now would you hate me if I said goodbye
In the wind from dawn 'til dusk?
                                                                So quick you could eat my dust?
[Refrão]
                                                                Now would you hate me if I ran like hell
                                                                In the wind from dawn 'til dusk?
When you cry, you waste your time
                                                                [Refrão]
Over boys you never liked
Can you not be so obvious?
                                                                When you cry, you waste your time
So keep it light
                                                                Over boys you never liked
So keep it light, no
                                                                Can you not?
[Primeira Parte]
                                                                ( D G7M A )
