

# Joji - Before The Day Is Over

tom:

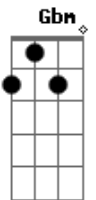

[Primeira Parte]

A Gbm  
I don't know what you wanna hear  
A Gbm  
Things change in course, smiles fade to grin  
A Gbm  
Now the moment's gone, just as I feared  
D E  
And I was hoping, and I was hoping this time  
A Gbm  
No longer here, we were feeling bliss  
A Gbm  
Don't hold your tongue, there's no time for tricks  
A Gbm  
You've been closing up, I expected this  
D E  
But I was hoping that you'd stay open this time  
  
A Gbm  
I know it won't be long  
A Gbm  
I know you're almost gone  
D Bm  
Hold on, let me in before the day is over  
D Bm  
Just let me in before the day is over  
  
A Gbm  
Say something soon, we might lose it all  
A Gbm  
Something we can use to break our fall  
A Gbm  
There's nothing left to do when we start to stall  
D E  
And I was hoping that we could hold it this time  
  
A Gbm
