I don't wanna waste my time
Bm
If I can't be by your side

You really shouldn't think about that

Bm
If you wanna come down
E
And she don't gotta know about nothing
Bm
And she don't gotta know
E
If the stars collide
Bm
Will she relieve my soul?

And when we feel alive
Bm
We know she'll let me go
E
When you need my lips
Bm
I know you feel my cold
E
But I promise you my heart is made of gold
