I can't help but think That our roads might take us down
                                                                Will sound like bittersweet lullabies

But I'm speechless

All the gloomy days just seem to shine a little more brightly
