

Joji - Love Us Again

tom:

C

C

So pretty
Unconventionally pretty, yeah

F

Had to work twice as hard
To never hurt your feelings

C

No entry
Trespasser of the century

F

Trusting me is twice as hard
I can help you if you let me

C

Either way, either way, either way, either way
You would've been fine

F

Write a page, write a page, write a page, write a page
I'ma write a long time

C

Please survive, live your life
Mine are wet, yours are dry

F

Can you say, can you say, can you say, can you say

I'm not the right type

C

Oh really
You don't notice that I'm ugly

F

They don't know
I'm not afloat

C

Appreciate the silence
Nothing here on my end

F

Please feel free to send a signal
Please feel free to miss me a little

C

Either way, either way, either way, either way
You would've been fine

F

Write a page, write a page, write a page, write a page
I'ma write a long time

C

Please survive, live your life
Mine are wet, yours are dry

F

Can you say, can you say, can you say, can you say
I'm not the right type
