

Joji - Window

tom:

Intro: B

I see nothing out the window, window

Nothing out the window

Watching all the leaves grow, leaves grow

Feels better in my dreams though, dreams though

And the sun will shine... no more

The sun will shine... no more

I've been holding on... too long

Holding on... too

I know when the wind blows, wind blows

Feels better in my dreams though, dreams though,

I just wanna sleep... forever

Please just let me leave... forever

I don't need an antidote, antidote

I don't need an antidote, antidote

I don't need need an antidote, forever

(Forever)

We don't wanna drive slow, drive slow

Speed up with our eyes closed, eyes closed

Eyes closed

Eyes closed

Head down

Eyes closed

Ice cold

Melt down
